Letter from a Florida Rep to Wheeler requesting a quick resolution of the ESA issue. The letter mentions a recent meeting between Noah and Wheeler. I think this is the meeting that occurred the week of 9/16 where FL said they are not changing their position on the programmatic ESA proposal.

FYI...Please see the attached letter from a member of the Florida (State) House of Representatives regarding 404 assumption and ESA. I've inquired as to whether the Region needs to respond or whether it may be controlled to HQ for a response and will keep you posted.
